**NO MOTORMAN.**  
A Car Deashes Through the Square  
Uncontrolled.

Last evening J. E. Blattenberg, V.  
S., while crossing the Main street  
track toward East Market street, at  
6 o'clock, was struck by electric car  
No. 2. The buggy was badly smashed  
and the driver thrown out and hurt.

The bell was not sounded for the re-  
ason that the motorman was not at his  
post, but inside the car. The car was  
running at full speed, with no one  
on the front to look out for vehicles  
of pedestrians, or keep the car under  
control. It is a miracle that the driver  
was not killed.

**OPIUM FLEND.**  
A Woman Living Near Delphos Ar-  
rested Here.

Last evening a woman delivering a  
political speech from the steps of the  
county court house, attracted the at-  
tention of those who happened to be  
passing by and policeman Wingate  
who was covering his beat, was one  
first on the scene and, thinking the  
woman was crazy, he locked her up in  
the woman's department at the city  
prison, where she remained all night.

This morning she refused to give  
her name, but said that she was a  
slave to the opium habit and that  
she lived near Delphos. She was re-  
leased.

**THE BOYS WONDER**  
When Will Duval will go there  
again.

Who will be Sheriff-elect Fisher's  
deputy.

If Jas. West did that eye the way  
he said he did.

Why George Holland goes to Cin-  
cinnati so often.

If the gas pressure will ever be  
greater than it is.

Why J. E. Sullivan don't remove to  
Marion and be done with it.

When Ira Lawrence will cease  
crossing the Main street bridge.

If John Welsh would still like to  
engage in the millinery business.

Why John Dingham is not seen on  
East Wayne street as much as for-  
merly.

If it is really so that Will O'Day is  
engaged to a Birmingham, N. Y.,  
young lady.

About two o'clock this afternoon as  
the first section of north

on the C. H. & D., was  
pulling out of Botkins, a small sta-  
tion about twenty miles south  
of this city, the trucks of a  
box car left the track and, before  
the train could be stopped, five cars  
were piled in the ditch.

The wreck in Botkins, for the scene at  
2:30 o'clock. As far as can be learned  
no one was injured.

**A Child Enjoys**  
The pleasant flavor, gentle action and  
soothing effects of Syrup of Figs, when  
in need of a laxative, and if the  
father or mother be constipated or bilious,  
the most gratifying results follow its  
use; so that it is the best family  
remedy known, and every family  
should have a bottle on hand.

**Was in Flames.**  
Last evening about 6 o'clock, Carl  
Osberg, of Melville's, discovered a  
fire in the cellar underneath the  
building and promptly extinguished  
it. The fire was caused by some car-  
bon coke, which had not sufficiently  
cooled, being thrown into the cellar,  
breaking out into flames. No damage  
was done.

by the Chief of Police. Solicitor

an ordinance.

The matter of Dr. Baxter's walk,  
which was last week referred to the  
clerk and engineer, was referred to  
the solicitor.

Company and one amounting to  
\$1.35 due the P. E. W. & C., were

Democrat Publishing company and the  
Republican-Gazette company, ac-  
cepted.

The Central Union Telephone Co.,  
by their legal adviser, attorney W.  
R. Richie, submitted a supplementary  
to the original telephone ordinance,  
providing for the maintenance of  
poles, wires, etc. Accepted and re-  
ferred to solicitor and Mr. Jackson  
to be reported upon next Monday  
night.

Mr. Hughes moved that the ordi-

play houses, etc., be taken from the  
table. Motion carried.

Mr. Butler was in favor of selling  
twenty-five acres of the surplus land  
above the high water mark at the  
east water works reservoir, and said  
that it could be disposed of at the  
present time for the sum of \$85 per

Particulars of Brakeman Nugent's  
Accident.

Lyman Nugent, the P. E. W. &  
C. brakeman injured at Upper San-  
dusky Sunday night, an account of  
which appeared in THE TIMES-DEMOCRAT  
last evening, is well known in this  
city, having lived here a number  
of years and was at one time employed  
as a harness maker at Jones' harness  
shop on East Market street. Nugent  
was married to Miss Bertha Geiger  
over a year and a half ago, and then  
moved to Ft. Wayne, where he com-  
menced railroading on the P. E. W.  
& C. The injured man was taken  
home yesterday on No. 9. The  
Upper Sandusky Union says of the  
accident:

**TO THE ALTER**  
A Lima Man Leads One of Sidney's  
Most Beautiful Daughters.

SIDNEY, Nov. 28.—(Special.)—This  
morning at Holy Angels' Catholic  
church, the marriage of Mr. Will  
Gallagher, of Lima, and Miss Rose  
Kingsed, of this place, was solemn-  
ized by Rev. Father F. M. Quatman  
in the presence of a large number of  
friends and relatives of the contract-  
ing parties. The church on this oc-  
casion was decorated more beautiful  
than on similar occasions, on account  
of the bride being a member of the  
choir. Mr. John Kallher, of Lima,  
was the groom's best man. Miss Ella  
Kingsed, sister of the bride, was  
bridesmaid. The bride is the hand-  
some and accomplished daughter of  
Mr. Christopher Kingsed, a wealthy  
and retired business man, and is a  
prominent figure in society circles.

The groom is a young and popular  
passenger engineer on the C. H. & D.,  
running between Lima and Cincin-  
nati, and is well thought of by his  
employers, and is a man of good  
habits.

Those in attendance from a dis-  
tance were his mother and sister Miss  
Anna, his brother John Gallagher  
and wife and M. D. Long, of Lima,  
his brother-in-law, passenger conduc-  
tor Jas. Collins and daughter, Miss  
Blanche, of Hamilton.

The happy couple will leave here  
this evening for their home in Lima  
and will go immediately to their own  
home at 517 North McDonald street,  
where the groom has a home elegantly  
furnished in readiness.

**AMONG THE RAILROADS.**  
**BIG TUNNEL.**

The great railroad tunnel under  
the city of Baltimore, costing over  
\$6,000,000 and in the construction of  
which 1,500 men have been engaged  
for three years, is now about com-  
pleted. The tunnel is a part of the  
Baltimore & Ohio railroad system  
and will do away with the slower  
method of taking trains across the  
harbor on big steamboats capable of  
carrying eight or ten of the heaviest  
cars and a couple of locomotives. By  
passing under the city the Baltimore  
& Ohio trains from Washington and  
the West to Philadelphia and New  
York will save 10 minutes in time.  
Steam locomotives will not enter the  
tunnel. Two large and powerful  
electric motors will draw the trains  
through, so that the passengers will  
not be annoyed with smoke and gas.  
Hundreds of electric lights will make  
this hole under the streets as bright  
as day.

The tunnel may not be used for a  
year or two because of litigation over  
property at two or three points, one  
of which is the proposed site of the  
north station. It will also take some  
time to lay the road bed and tracks  
and to build the tunnel with all the  
electric light and appliances. The  
engineers say it will be one of the  
most perfect railroad tunnels in the  
world. It will be utilized for rapid  
local transit as well as through  
trains.

**NOVES.**  
Conductor Hank Mounts is again  
running a passenger on the C. H. &  
D.

Round House Foreman Rehee, of  
the C. H. & D., visited his family in  
Dayton last night.

Passenger Conductor Glancy and  
Engineer Mathers, of the C. H. & D.,  
will resume their runs the first of the  
year.

Detective S. M. Bush, of the C. H.  
& D., who has been sick at his home  
in Sidney for the past ten days is  
again on duty.

Conductor Tom O'Connell, of the  
L. E. & W., had charge of a work  
train to-day.

J. G. Vanatta, formerly chief car  
inspector at the C. H. & D., has ac-  
cepted a position as car inspector for  
the Mackinaw branch of the C. H. &  
D. at Cellus.

The Louisville & Nashville road  
has put on a flyer fast freight be-  
tween Cincinnati and New Orleans.  
Three days is the time allowed for  
the run, which is an exceptionally  
fast one.

The Northern Pacific receivers  
have decided to default on all Decem-  
ber interests of their various securi-  
ties, with the exception of the  
Duluth & Manitoba division. The  
total amount due will aggregate  
about \$1,537,000.

Western passenger agents, who  
deal with scalpers on the quiet, re-  
ceived a notice to quit the business  
by the experience of a San Francisco  
agent of the Burlington. He was  
caught and fined \$50 by the local  
passenger association and was given a  
reprimand besides.

It is quite probable that the L. E.  
& W. will rescind its action in with-  
drawing from the Indiana Car Ser-  
vice Association, providing the other  
roads which are members of the or-  
ganization live up to the rules of the  
association in the matter of collecting  
demurrage charges.

**Taffy.**  
One-half pint of salt water, three  
ounces of butter, one-half teaspoonful  
of lemon juice, two teaspoonfuls of  
vanilla, and one-half pound of sugar.  
(Conditioner A.) Stir the water  
and sugar over the fire until it ar-  
rives at the ball stage; that is, when  
a small quantity cooled in water and  
rolled between the thumb and finger  
forms a soft ball. Now add the but-  
ter and lemon juice and boil to the  
crack; that is when it hardens  
quickly when dropped into cold water  
and will not stick to the teeth. Add  
the vanilla and turn out in greased  
shallow pans to cool.

**Bicycle Laws in Zurich.**  
A correspondent at Zurich, Switzer-  
land, gives a translation from the city  
paper of the city's laws concerning bi-  
cycling. Bicycling is only allowed upon  
written permission issued to competent  
riders. This permission must be carried  
by the rider. It contains his name, oc-  
cupation, date of birth, place of activity  
and address, and it costs 3 francs a year.  
Racing is forbidden, and in narrow  
streets the rider must dismount. Spe-  
cial stress is laid upon the speed of the  
machine.

On crowded streets, turning corners,  
the rider must go slow. He must not  
ride without using the handles of his  
machine to steer by. He must ring his  
bell in ample time, and if that is not  
heard he must politely warn the pedes-  
trians. Care must be taken not to worry  
or frighten the foot passenger. On a sin-  
gle sealed bicycle not more than one per-  
son may sit. More than two bicycles are  
not permitted to ride abreast. On hol-  
days, when the streets are crowded, bi-  
cycling is not permitted at all.

On the other hand, the bicycle shares  
with other vehicles the privileges of the  
road. Should the rider be the cause of  
an accident to a pedestrian, he must dis-  
mount and give assistance in the in-  
terest of the injured person. If any of our  
readers are interested they should address W. E.  
Duff, the President, for circulars.
